\*It does not remove or prevent all bacteria.

**Deodorant effect**

Eliminates sweat, ageing, pet odors.

High-alkaline kills bacteria  
and removes odors.

Made with heat-treated scallop shell powder  
using our original technology.

Strong alkaline water solution has a great  
effect on disinfection and deodorization.

Using heat-treated wild scallop shell powder

No Scent   No Color

High-Alkaline

**WONDER SHELL**

Spray Type 300ml / 50ml

Made in Japan

# All natural to protect family

Choose a product that is safe for your important family.

Because food additives are the main ingredients,  
the product is safe for use around children.  
Use on clothing, toys, beds and baby items.

Sterilize baby bottles and pacifiers

Sanitize and deodorize baby products

Deodorize diapers

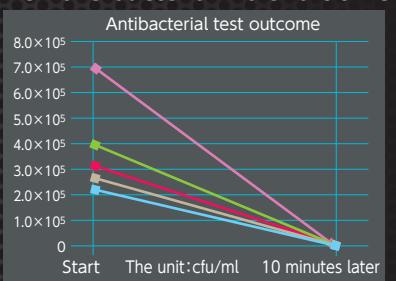

## Antibacterial activity

All natural disinfectant made from scallop shell with a powerful antibacterial effect.

Remove bacteria in a short time!

\*The chart is one of the examples.

Almost no bacteria were detected.

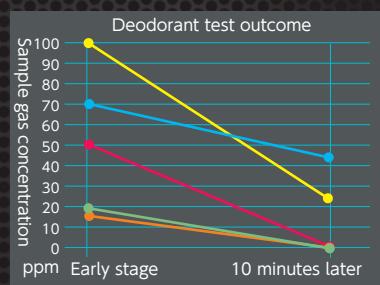

- Norovirus (Feline Calicivirus instead) (logTc15/ml)
- Serotype 0-157
- Escherichia coli
- Staphylococcus aureus
- Salmonella

Liquid used: 25°C saturated aqueous solution about 0.1%

Testing centers:  
Tokyo Metropolitan Food Technology Research Center  
Japan Food Research Laboratories  
Kyoto Biological Laboratories

## Deodorant effect

Kill viruses and bacteria using the power of high-alkaline and eliminate odors.

\*The chart is one of the examples.

The outstanding deodorant effect!

- Ammonia (sweat)
- Trimethylamine (garbage)
- Acetic acid (sweat)
- Isovaleric acid (sweat, foot, aging smell)
- Hydrogen sulfide

Testing centers:  
Japan Food Research Laboratories

• Price and specifications are subject to change without notice.

• The date provided here is observed value, not guaranteed value.

• Keep out of reach of children and pets.

• With allergies or sensitive skin, consult your doctor before use

• It does not mean it can sterilize all germs.

• In case of contact with eyes or throat, rinse well with water. If irritation persists, consult medical professional immediately.

• Do not use with Chlorine disinfectant or bleach.

• Close the lid after use and store in a cool, less humid place away from direct sunlight.

Are you worried about germs and odors?  
This bottle solves your concerns with disinfection and deodorization.

\* 'Wonder Shell' has passed disinfectant tests and pesticide degradation tests.

## For emergency supplies

Prevention of food poisoning and infection

Eliminate lingering odors

Mosquito, ant, tic repellent

It is important to prepare sanitary goods for an emergency.

Highly recommend to add to an emergency supplies set.

Using heat-treated wild scallop shell powder

No Scent | No Color | High-Alkaline

Wonder Shell  
Spray Type 300ml / 50ml
